Lloydminster Comprehensive High School

RE: Notice to Staff, Students and Visitors of COVID-19 Outbreak at Lloydminster Comprehensive High School

Public Health staff are investigating cases of COVID-19 at Lloydminster Comprehensive High School. The virus spreads from person to person by large, respiratory droplets, like from a cough or sneeze. This means that a person would need to have direct contact with droplets from a sick person or surfaces that they have recently touched. The risk of the general population in the school becoming infected because of these cases is low. If staff or students are identified as a contact of a confirmed COVID-19 case, Public Health will contact them directly for follow-up.

If anyone develops symptoms, please self-isolate at home and call Health Line at 1-877-800-0002 as soon as possible to arrange for COVID-19 testing. If medical attention is required please call ahead to your health care provider. If it is an emergency requiring urgent attention, call 911.

For further information regarding COVID-19, please call Health Line at 1-877-800-0002, and/or visit the Saskatchewan Ministry of Health website at www.saskatchewan.ca/covid19

Sincerely,

Dr. M. Nsungu
Medical Health Officer
