

MEDIA STATEMENT

Date of release: March 30, 2021

On March 29, 2021, the Saskatchewan Health Authority advised Lloydminster Public School Division of another positive case of COVID-19 in the community of Lloydminster which impacted an individual in the 5-6 split class at College Park School. To minimize further risk of transmission within the school community, students in the 5-6 split classroom were moved to remote learning and requested to self isolate until April 9th.

This is the fifth positive case of COVID-19 that has been reported at College Park School and as such the Saskatchewan Health Authority has classified these cases as an Outbreak. A formal letter from the SHA regarding the Outbreak has been shared with the school community and posted to the LPSD website.

The Lloydminster Public School Division and College Park School Administration and staff, with the support of Public Health and the SHA, will continue to keep student and staff well-being as our priority.

Todd Robinson, Director of Education
