The Encore Elite Dance Company is thrilled to announce our partnership with The Pursuit School. This collaboration aims to provide our students with an opportunity to excel both in their dance training and in other areas of their lives. By offering a balanced and flexible schedule, we strive to enable students to pursue other activities, dedicate more time to their academic endeavours, and foster meaningful family connections. As part of this initiative, we will be introducing a specialized technique program during the school day for Pursuit Students. This program is designed to enhance the skills and abilities of our company members, empowering them to reach their fullest potential. The curriculum will focus on refining foundational techniques while preparing students for the upcoming competitive seasons. Our goal is to cultivate well-rounded, disciplined athletes who are not only exceptional dancers but also thrive in all aspects of their personal and professional lives.
